RopeLock

NEW

3/8"X15'

"The only knot you need to know"

RopeLock Rope Tie Down Systems are adaptable to almost every tie down situation and are without equal for versatility, ease of operation, positive holding ability, and are more compact, stronger, with less moving parts than any other tie down, RopeLock Rope Tie Down Systems are ideal for truckers, campers, contractors, or anyone who needs to secure their stuff safely. Production tested to over 400 pounds. Load strength is dependent upon the application, installation and type & size of rope used. Meets US DOT (Federal Motor Carrier Safety Administration), California DOT & Canadian CCMTA load securement and NAFTA requirements.

RopeLocks come with a life time replacement guarantee.

RopeLock is guaranteed to be free of defects in material and workmanship and will be replaced free of charge in exchange for the defective product. See packaging for use and guarantee information.

As Easy to Use as;

- 1. Place the hooks in safe locations then pull the rope tight to secure load.
2. RopeLock holds tight until you release it.
3. To release: Simply press the lever.
